Prayer for the week

God of Wonder, as our children return to school amidst an uncertain world contending with COVID-19, we ask for your guidance.

We ask for protection for our children, teachers, administrators, and school workers.

We ask that you help our educators maintain safety, lower anxiety, bring laughter to their relationships, and teach as best as they are able, knowing their best is absolutely enough.

May we be reminded to uplift educators in our lives, demonstrating our support, and celebrating their vital role in our community.

We also pray for parents schooling at home. We pray for their balance, patience, understanding, and to know that their best is also absolutely enough.

Bring us peace and creativity as we learn together in new ways this year. Amen.
